THE FREMONT NURSERY

FREMONT :: OHIO

**SPRING
1950**

**Growers of a Complete Line of Fruit
and Ornamental Trees, Shrubs,
Roses, Vines and Perennial
Plants**

We have a twenty-four page descriptive catalogue which will be sent on application. As we do not print a descriptive catalogue every year this is the one printed in 1949.

By the latest ruling of the Tax Commission of Ohio all trees and plants that produce fruit are exempt from the Ohio sales tax. All other stock is subject to the 3% tax and should be added to the amount of all orders from the State of Ohio.

Season of 1950

These prices are for good, strong, substantial trees, shrubs., or plants with a good root system and true to name. It is not the light grade, poorly rooted, unreliable stock so much used in mail order and department store trade which is expensive at any price.

Varieties not listed, write for quotations.

In order to be fair to the small purchaser as well as the large we give a single, ten and 100 rate. Five trees or plants of the same variety and size will be furnished at the 10 rate 25 will be furnished at the 100 rate. Less than 5 plants of one variety and size must be figured at the single rate, 25 of the same variety and size, or 50 of the same class as peach, apple, etc. will be furnished at the 100 rate, 250 at the thousand rates if quoted.

TERMS—Cash or satisfactory reference.

PARCEL POST—Most small parcels can be sent by mail cheaper than by express. Postage charges must be paid by the purchaser. Unless postage is included with order it will be sent by Express.

SHIPPING DIRECTIONS — Always give full name and address and state how the shipment is to be sent. All small packages should be sent by express or mail and berry plants should never be sent by freight.

LARGE ORDERS—Special quotations will always be made on large orders. Write us stating the quantity desired and the probable varieties. We will duplicate any offer made by anyone, size and quality considered.

COMPLAINTS—All complaints for shortage or damages to stock must be made to us immediately on receipt of goods and no complaint will be considered unless made within 10 days of receipt of stock.

VISITORS—Are always welcome and are invited to our nurseries.

Please note that the 10 rate does not apply unless the order calls for not less than 5 of the same variety and size. It does not apply to 10 plants made up of one or two of a variety.

First Class, 7-16 in., 3-4 ft.75	7.00
First Class, 5-16 in., 2-3 ft.65	6.00

VARIETIES

Cumberland	Improved Hale	Red Haven
Champion	J. H. Hale	Rochester
Early Crawford	Kalhaven	Salberta
Early Elberta	Late Crawford	South Haven
Elberta	Lemon Free	Sunglow
Golden Jubilee	Mayflower	Wilma
Hale-Haven	Oriole	Zarn

IMPROVED HALE — Similar to J. H. Hale, ripening at the same season, but a much stronger growing tree, more hardy and a far better bearer as it is self pollinizing.

ZARN—One of our own introductions. Many large growers consider this the very best variety they have in their orchard. As large as Elberta, and better colored and far better quality. Bears evenly on the tree and does not overbear. Holds up well after picking. Ripens about a week ahead of Elberta. We have been growing Zarn for 25 years or more and there are many thousands of bearing trees in the Ohio peach section along Lake Erie. Many who operate roadside markets tell us it is the best seller they have and that their patrons call for it by name day after day and year after year.

SOUR CHERRIES

	Each	Per 10
XX Grade, 11-16 in., 4-6 ft.	\$1.50	
First Class, 9-16 in., 4-5 ft.	1.25	12.00
First Class, 7-16 in., 3-4 ft.	1.00	9.00

VARIETIES — Brassington, Early Richmond. Large Montmorency and English Morello.

BRASSINGTON—A sub acid variety, between a sweet and a sour. We consider it the very best variety for home use or roadside stand. People who buy it once always come back for more. Tree very hardy and a splendid stocky grower with foliage almost impervious to fungus diseases. Seldom fails to produce a crop.

SWEET CHERRIES

	Each	Per 10
XX Grade, 11-16 in., 5-6 ft.	\$1.75	\$16.50
First Class, 9-16 in., 4-5 ft.	1.50	14.00
First Class, 1 yr. strong on Mazzard	1.75	16.50

VARIETIES

Bing	Napoleon
Black Tartarian	Lambert
Gov. Wood	Schmidts Biggarreau
	Windsor

Sweet Cherry, grown on Mazzard root are far superior to those grown on the ordinary root. They transplant better, last longer and produce better.

EVERGREENS

Specimen Trees, with roots Balled and Burlapped.

We cannot pack evergreens with roots balled and burlapped with earth for shipment by freight or express. It is too risky, heavy and expensive.

If desired we can ship them with bare roots packed in damp material successfully.

What Some Customers Say

A few excerpts from recent letters:

Cleveland, O., Dec. 29, '49

I must say that the plants in both this shipment and my first order were the finest plants I have ever seen and in the future I will send you my order for any nursery stock I need.

Sincerely, F. C. K.

Ashtabula, O., May 10, '48

Attached is the postage due you. Thanks for the lovely shipment.

Mrs. A.H.M.

Malinto, O., Jan. 24, '49

Please send your catalogue. I was well pleased with the roses I bought of you last year.

Mrs. Wm. R.

Cleveland, O., Jan. 15, '48

Please mail us your catalogue. In the 1920's we planted several hundred of your trees and they turned out better than those from several other nurseries.

E. D.

Detroit, Mich., Oct. 11, '49

Thanks for the beautiful stock you sent us. Everything was fine.
